

LOTUS NOTUS

"Optimum Health Naturally"

Volume 1, Issue 9, 09/30/2010

DR. MARIA IS ON THE RADIO! That's right, you can now catch Dr. Belluccio on internet radio each Wednesday at 9:00 am, with repeat broadcasts at 3 pm, 9pm, and 3 am. She often has guests on the show and they discuss a broad range of health topics. You are also invited to call in with questions. To hear the broadcast, log onto www.lifeimprovementradio.com at the times listed.

GREAT SPECIALS ON SPECTRACELL LABS

Spectracell is offering fantastic special pricing on their labwork through 12/31/10 for patients with insurance. The Comprehensive Nutritional Panel and Telomere Test is \$300* (reg. \$505). The Comprehensive Nutritional Panel and Lipoprotein Particle Profile Plus is now \$160* (reg. \$220). A Comprehensive Cardiovascular Risk Assessment (LPP+, ApoE Genotype, & HS-Omega-3 Index) is \$100 (reg. \$360). The tests require a blood draw, and are some of the most advanced and comprehensive tests available. This is the time to have them done with these prices. *These two are not applicable with BCBS or Cigna. To order test kits or get more information about the tests, please call our office.

IDEAL PROTEIN DIET NOW AVAILABLE!

Since Dr. Belluccio launched the hCG Diet in February we have seen much success, as many patients lost at least 20 pounds, and some have lost nearly 30 pounds in 3-5 weeks. Some are now on second or third rounds. Unfortunately, some people are not able to do the hCG diet for various reasons. We now offer the **Ideal Protein Diet**, an alternative that works for virtually everyone, regardless of health issues. For more details, please call for an appointment.

ALLERGY ELIMINATION PROCEDURE Our allergy treatment, called Nambudripad Allergy Elimination Technique (NAET) uses no needles, and only temporary diet changes. Due to great success, we have received many referrals from satisfied patients who have not had results from traditional allergy therapies. Dr. Belluccio can discuss the treatment and how it can help you. We are seeing some amazing results with this!

OCTOBER IS NATIONAL BREAST HEALTH MONTH

To encourage breast health, we are offering a special on breast thermograms. Regularly \$175, during the month of October breast scans are \$149. For first timers, the initial and follow up scan can both be purchased for \$299, a saving of \$51. Appointments are limited, so call today to take advantage of this offer. We also give referral discounts. You get 10% off your own thermogram for EACH new thermogram patient you refer to us when they provide your name. If you send ten patients, your thermogram is free! So spread the word. If you are unfamiliar with thermography, we have much important information to share with you.

YES, FLU SEASON APPROACHES YET AGAIN

and we have the homeopathic alternative to those nasty Influenza vaccines. We are about to place our annual order for Influenzinum, which has provided our patients with strong resistance to influenza. It is reformulated each year to protect against the strains anticipated by the CDC and WHO. This is a must have item to help protect you during this season of dangerous viruses floating around. The price this year is still \$9.75 per vial. Two vials are enough for three people, with a little left over for a little boost, if needed. Please call Teresa right away and let her know how many you would like, so we can start ordering this important product. They are available from the supplier in mid-October.

UPDATE ON FSA'S AND HSA'S

Flexible Spending Accounts and Health Savings Accounts pay for health related expenses with tax-free dollars. They may be used to pay for visits to Dr. Belluccio, as well as many herbal remedies.
